

Become an Equipment Technician

The backbone of California's agriculture industry runs on cutting-edge machinery, and skilled technicians are needed to keep it all running smoothly. Our mechanized ag **Equipment Technician Program** prepares you for a rewarding career maintaining and repairing the tractors, harvesters, and advanced farm equipment that power the Central Valley. This program was developed in collaboration with local employers who are ready to hire our graduates.

This **one-year certificate program** costs \$1380 (\$46 per unit) plus books and a small student fee. Financial aid is available. Entry-level salaries range \$20-25 per hour with opportunity for advancement.

Earn Industry Certifications
