

# ONLINE RN-BSN

The Online RN-BSN program provides students who are already Registered Nurses (RNs) the opportunity for educational and professional advancement.

## PROGRAM OVERVIEW

This program is designed to meet the needs of working registered nurses and allows them to explore new perspectives by learning with other nurses. Students are able to apply real-world solutions in their current positions immediately. The Online RN-BSN program's core curriculum, comprised of 26 units, equips students with the knowledge and skills needed to engage in critical thinking and to become creative problem solvers who are culturally aware and committed to resolving health disparities within a research perspective. The nine core courses provide students with the ability to view the complexity of issues that are often experienced by our diverse community.

*Please note: The clinical course Nursing 4410 will be conducted face-to-face at local sites.*

## PROGRAM COST

The total program tuition fees are \$19,220 (excludes textbooks, lab supplies, and other costs incurred for the program).

Tuition fees subject to change without notice. Additional fees apply.
