# CANVAS RUBRICS

Presented by: Kristi Hodges

AN INTRODUCTION FROM THE INSTRUCTOR AND STUDENT PERSPECTIVE
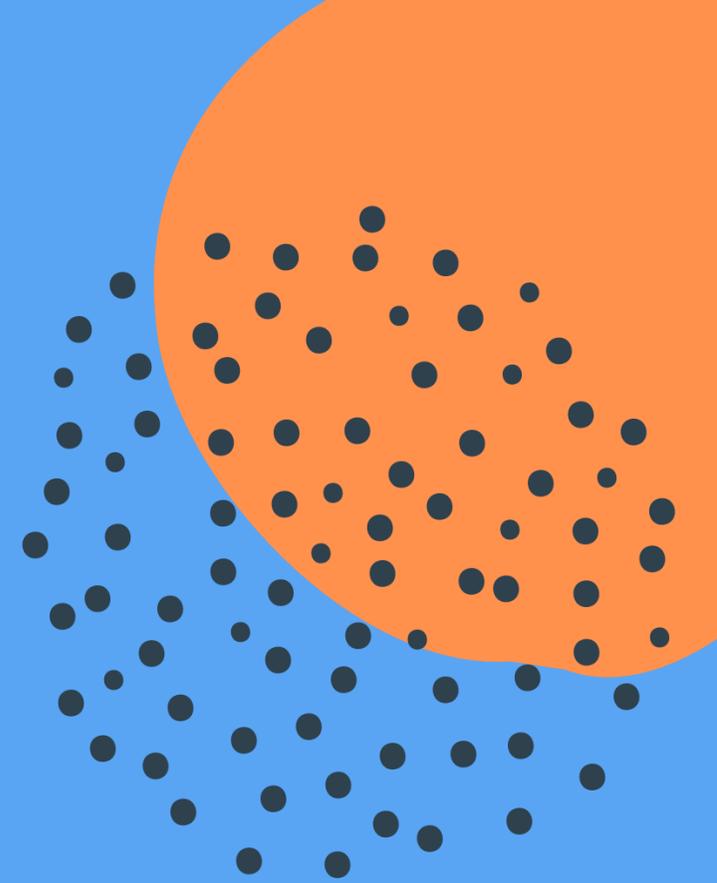

An Instructor's Perspective to Canvas Rubrics

EXPECTATIONS

- Level of mastery is outlined
- Criteria is set and conveyed to student prior to completing assignment
- Allows student to self-assess to achieve desired grade (Ownership)
- Fewer questions on specific parameters and more focus on content
- Good instructor "check." Is this assignment aligned to SLOs? Is it measuring intended goals?

An Instructor's Perspective to Canvas Rubrics

ACCESS

- Located in Canvas
- Directly attached to assignment, discussion, quiz, etc.
- Stored in Canvas over the semester and can be reviewed

An Instructor's Perspective to Canvas Rubrics

FLEXIBILITY & EASE

- Ratings can be set as absolutes or within a range
- Criteria and ratings can be simple or complex
- Points can be included, hidden, or not applied
- Extra credit/points option
- Narrative comments can be minimized, but also included for each criteria
- Rubrics can be used from other assignments, discussions, classes, etc. (Find a Rubric icon)
- Grading is streamlined–SpeedGrader/Rubric

An Instructor's Perspective to Canvas Rubrics

TIPS & INSIGHTS FROM A NOVICE

- Create/add the assignment, quiz, discussion, outcome in Canvas first
- Start with a rubric from Word built on your SLOs/Objective so you just have to copy and past verbiage and you know the structure needed for the Canvas rubric
- Don't leave the rubric until you have selected "Create Rubric" or "Update Rubric"
- Don't make changes to the rubric once students submit assignment, quiz, discussion
- Mute your assignment once you plan to start grading and grade within Speedgrader
- Stuck...Reach out to the Canvas Community for Guides, Tutorials, Videos: https://community.canvaslms.com/ (On-Campus: Deborah Nolan)

THE STUDENT PERSPECTIVE TO CANVAS RUBRICS

LAUREN

"It's a lot easier because the instructors can leave comments, especially if you turn it in early."
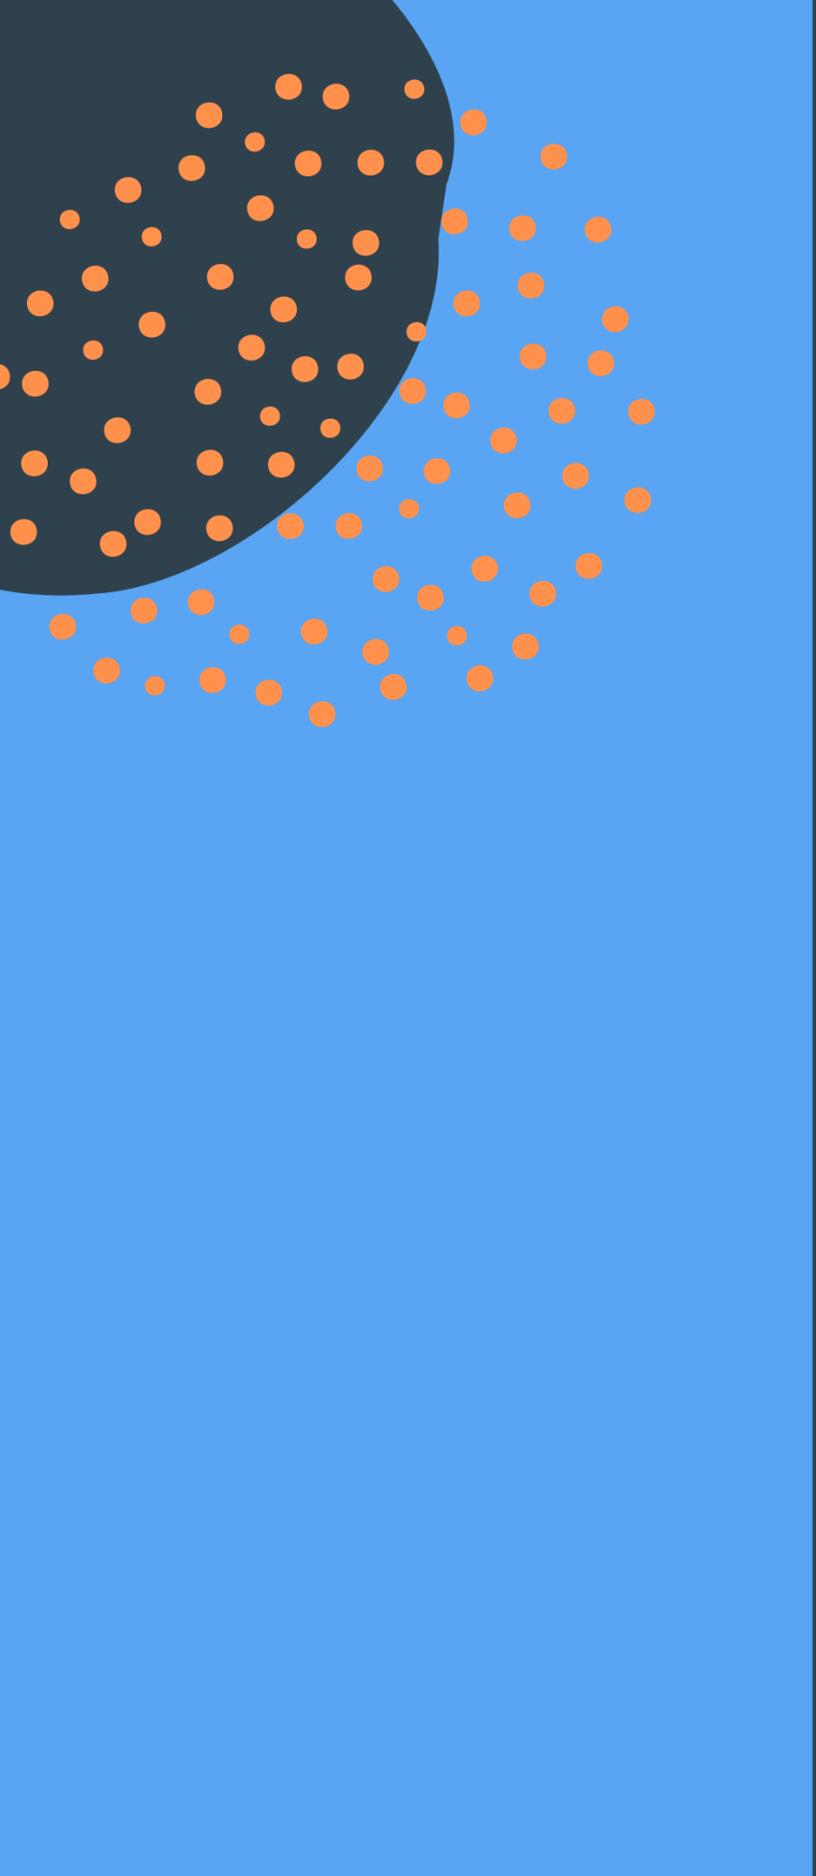

"It's easier because you always have it."

(Personal Communication, Oct. 21st, 2019)

Maria

"I like it because I get to go back and see where I messed up and I get to improve for the next assignment."

"It's just really beneficial to see where I missed points.

(Personal Communication, Oct. 23rd, 2019)
